

Literacy & Numeracy

This course explores basic literacy and numeracy in real life situations and aims to improve skills to build confidence and independence. Delivery includes one on one or small group learning activities aimed to improve your literacy and numeracy skills for everyday living.

We can help you build confidence in:

- › Literacy and numeracy for everyday living
- › Managing money and money skills
- › Using public transport and even getting your L's
- › Personal development and safety
