

Microenterprises Program

Do you have an idea, an interest in or a current hobby that you need support in developing into business? Our Microenterprise Program provides targeted, individual support that assists you to develop and run your own hobby or micro business. It could be developing your product or activity so that you market it online, sell it at the local weekend markets, or turn it into a fulltime/part-time employment opportunity.

Our program provides:

- » Individualised support
- » Work to your talents and strengths
- » Help establish business plans
- » Provide support for creating business branding
- » Provide support to take you product to market
