### Timing of grant opportunity processes

We will consider grant applications from time to time as published on the Yumaro website. To be considered, you must submit an application between the published opening and closing dates

shown on the front of these guidelines. If you are successful, we expect you to complete your grant activity within 18 months of signing a grant agreement with us.

## 7. The grant selection process

We first review your application against the eligibility criteria.

If eligible, we will then assess your application against the assessment criteria (see Section 6) and against other applications. We consider your application on its merits, based on:

- how well it meets the criteria
- how it compares to other applications.

An assessment committee comprising directors and senior management will assess each application on its merit and compare it to other eligible applications before recommending which grant applications should be awarded a grant.

The assessment committee may seek additional information about you or your application. They may also ask for referees to explore the merits of any application.

Yumaro's Board of Directors will decide which grants to approve at their sole discretion, taking into account the recommendations of the assessment committee and the availability of grant funds for the purposes of the grant program.

The Board of Directors decision is final in all matters, including:

- the approval of the grant.
- the grant funding amount to be awarded.
- the terms and conditions of any grant.

There is no appeal mechanism for decisions to approve or not approve a grant.

## 8. Notification of application outcomes

We will advise you of the outcome of your application in writing. If you are successful, we will advise you of any specific conditions attached to the grant.

If you are unsuccessful, we will give you an opportunity to discuss the outcome.

You can submit a new application for the same grant (or a similar grant) in any future grant opportunities under the program.

## 9. Successful grant applications

Successful applicants must enter into a legally binding grant agreement with Yumaro. We use a letter of agreement for this purpose which has general terms and conditions that cannot be changed. A sample grant agreement can be found at Appendix A.

We must execute a grant agreement with you before we can make any payments. We are not responsible for any of your expenditure until a grant agreement is executed. If you choose to start your grant activities before you have an executed grant agreement, then you do so at your own risk. If you do not sign a grant agreement within the specified time frame, then the offer of grant will lapse.

We may recover grant funds if there is a breach of the grant agreement.

## How we pay the grant

The grant agreement will state the maximum grant amount to be paid. Generally, payments will be made as a reimbursement of expenses you incur as evidenced by receipts. In some circumstances, we will be able to make a payment in advance if an appropriate invoice or quote can be provided. We will be happy to provide further guidance in relation to payments to successful applicants on a case by case basis.

## Grants Payments and GST

Yumaro is registered for the Goods and Services Tax (GST). However, the grants made under this program are provided as financial assistance and are not payments in exchange for goods or services. As such, they are generally not considered taxable supplies for GST purposes.

If your organisation is registered for GST, and you believe your grant activity involves a taxable supply to Yumaro (i.e. delivering a service or providing something specifically to Yumaro), you must discuss this with us before issuing an invoice. In such cases, and where applicable, Yumaro may issue a Recipient Created Tax Invoice (RCTI) and add GST to your grant payment.

In most cases, grants under this program will be GST-exclusive, and no GST will be added or payable. You may be asked to provide a receipt or a non-tax invoice for accounting and audit purposes.

Please note:

- Grants may be treated as assessable income for taxation purposes, unless your organisation is exempt.
- Yumaro does not provide tax, legal or accounting advice. We strongly recommend that applicants seek independent professional advice or contact the Australian Taxation Office regarding their specific obligations.

## 10. How we monitor your grant activity

You should let us know if anything is likely to affect your grant activity.

You must also inform us of any changes to your:

- name
- addresses
- nominated contact details
- bank account details.

If you become aware of a breach of terms and conditions under the grant agreement, you must contact us immediately.

Once you have completed your grant activity, you must submit a short report in line with the grant agreement. We will remind you of your reporting obligations before your report is due. We will expect you to report on:

- how you spent your grant
- how it helped you achieve your goals

We may ask you to provide a declaration that the grant money was spent in accordance with the grant agreement and to report on any underspends of the grant money.

## 11. Privacy

We treat your personal information according to the *Privacy Act 1988* and the Australian Privacy Principles. This includes letting you know:

- what personal information we collect
- why we collect your personal information
